ABOUT US

OM PARTNERSHIP LIMITED is a partnership company, duly incorporated with the corporate affairs commission of Nigeria on March 14th, 2014.

Our core competence is in the areas of Mechanical, Electrical, and Industrial Maintenance Engineering services. The company is managed by highly skilled and tested professional Engineers, Technologists, and technicians.

We have advanced experience in Design and Installation of HVAC Systems, Fire-Fighting Systems, Plumbing Systems, Water treatment plant, Sewage treatment Plant and Accessories/statutory Supply (outsourcing).

We also proffer solutions to problems of Installation works, Repairs/Service work and supply standard equipment in the industry.

Our work force is well equipped and exposed to modern computerized system that enable us execute projects seamlessly, efficiently, safely, promptly and “Just in Time Delivery”.

Preamble

The objective of this document is to provide our prospective Clients, Service Providers and the general Public an overview of our company.

Vision

“To be a one - stop Professional and Industrial Services Provider of choice”

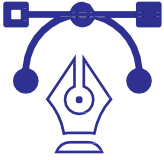

Mission

“To provide Professional and industrial services tailored to meet the specific needs of our clients, in a cost effective manner at all times.”

CORPORATE OBJECTIVES

The Company's Prime objectives is to operate a "just in time" management system that meets the needs of our customers / Clients in time using specified standards, quality materials and first-class workmanship.

What We Do

Design, Consultancy & Project Management Services

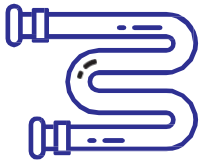

Turnkey Power Plants

Industrial Energy and Power Generation Solutions

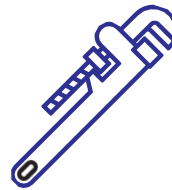

Gas Treatment and Compression Solutions

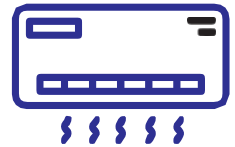

Turnkey Small-Scale LNG Plant Solutions

Engineering, Procurement & Construction (EPC) Services

Mechanical Electrical & Plumbing (MEP) Services

Heating Ventilation & Air Conditioning (HVAC) Services

We are a leading Integrated Engineering and Energy Solutions Provider.

We possess the determination, expertise and experience required to design and manage large-scale, turn-key Power Generation, Industrial and Building Services MEP and HVAC projects, undertaking the complete range of Engineering, Procurement and Construction activities from design stage up to commissioning.

At OM Partnership, we pride ourselves on being able to provide complete solutions to meet the power generation needs of our customers. This is achieved through inclusive turnkey solutions for modular and captive power generation requirements, and the provision of quality EPC services.

OUR TEAM

My name is Engr Oyelami Moses Oyewale is a certified member of Nigeria Society of Engineers with B.Eng. in Mechanical Engineering from Federal University of Technology, Akure, Ondo State. He is also a member of many professional engineering bodies like Council for the Regulation of Engineering in Nigeria (COREN-Reg. No R.25, 630), Association of Consulting Engineers Nigeria (ACEN), America Society of Heating Refrigerating and Air-conditioning Engineers (ASHRAE-Reg No 8389461), Member of the Nigeria Society of Engineers (MNSE. 29384).

His experiences span over seventeen (17) years in project management, MEP Design, installation, supervision, engineering costing, marketing of engineering product and services and outsourcing of mechanical and electrical materials and equipment's. Oyewale started his career with Vicak Consult Ltd (Chartered Engineer) as mechanical trainee engineer and later proceeded to ABPL, MFA, MEKON and Found OM Partnership where he served as a Principal Partner. He worked with ASB Valiant company limited where he rose to the level of an Engineering Manager and Mechanical Engineering team leader and Business Development Team Lead in the head of office.

OUR TEAM

BOARD OF DIRECTORS / MANAGERIAL TEAM

The listed persons are the key members of staff of the company:

1. Engr Wale Oyelami
{B.ENG,MNSE(29384),COREN(R25,630), MASHARE(8389461)}
Principal Partner
2. Mrs PN Oyelami
Partner
3. Engr Niyi Amosu
{HND, PGD, MEP, CA}
Technical Director
4. Engr Adeola Ittah
{B. Engr. Elect, MNSE, COREN C.P.CE,MNMC}
Associate Director
- 5.

TECHNICAL / MANAGERIAL TEAM

1. Engr Tunji Akindipe
{B.ENGR. MECH. CNM, CNISP, CBD}
PROJECT MANAGER
2. Taiye Olufemi Fafemi
{B. ENGR.Elect. CPM, CA}
SNR.PROJECT ENGINEER
3. Shola Olowoyeye
{B. Engr, MNSE}
PROJECT ENGR. MECHANICAL
4. Itunu Akinjoyegbe
SECRETARY {ADMIN}
5. Emeka Emmanuel
SNR. PLUMBER
6. Ehighawaguan Godwin
ASS. SNR PLUMBER

Our Capabilities

Consultancy

Our ability to assess our customers' needs and solve their unique challenges with bespoke solutions has earned us the "trusted advisor" status with our customers. We are valuable partners, invested in their success and growth.

Experts in Project Execution

OM Partnership Limited does not stop at satisfying our customers; we strive to surpass their expectations by challenging ourselves to outperform our own standards of execution on every project. We continue to develop strong project management capabilities by regularly training our teams in the use of the latest, international project management frameworks and processes that enhance our service delivery. Our teams are involved in the entire project cycle from Design, Engineering and Procurement stages to Logistics, Construction, Commissioning & Operational Support. Diverse project management experience combined with technical and functional expertise is the key to ASB Valiant's consistent success in delivering complex projects safely, within schedule and on budget.

Win-Win Partnerships

We believe in building strategic, long-term and mutually beneficial partnerships with global leaders in the industry in order to provide our customers with world-class products, services and support that give them a competitive edge in their market. We continue to collaborate with reputed Original Equipment Manufacturers (OEMs) across the world to develop bespoke project designs and solutions that cater to our customers' specific requirements and solve their unique challenges.

PRODUCTS/ SERVICES {AREAS OF SPECIALIZATION}

The Company's Areas of Specialization are as listed below:

- Air- Conditioning / Ventilations {HVAC} – Domestic, Commercial & Industrial
- Duct Work Fabrication & Installation / Erection
- Plumbing & Fire- Fighting/ Suppression works, Equipment & Accessories
- Welding & Steel Metal Fabrication works {Including Oil & Gas Pipe Lines}
- Electrical Works{High & Low Voltages}
- Duct Testing for Leakages {HVAC}
- **Air –Balancing {HVAC}**
- Kitchen Hoods & Extractors Domestic, Commercial& Industrial
- Design, Supervision & Commissioning {Air – Conditioning / Ventilation (HVAC), Water and sewage Treatments Plant, Fire- Fighting, Electrification etc}
- Civil and Structural services
- General Supply, Installation, & Maintenance of Mechanical, Electrical & Building Materials and Equipment.
- GPRS/ GIS- Environmental & Industrial Buried Utilities
- General Contractor

WORKS INSTALLATION

- Air- conditioning and Ventilation {HVAC} Equipment}
- Fabricated Duct works
- High and low Electrical services and Vsat Apparatus/ Accessories Equipment
- Plumbing, Fire – Fighting Apparatus, Wares, Equipment
- Kitchen Hood {Domestic and Industrial} and Gas cooker Installation.
- Pipes Cladding

The Company's scope in Air –conditioning and Ventilation Installation include;

Split Units, Window Units, Free- blower, Cassette Units, Central Systems, Rooftop Air – Handling equipment, Fan Coil Units, etc with accessories / statutory such as Compressors, Diffusers, Control Dampers, Louvers, Grills, and Control Devices etc.

The various brands of Air – conditioning Equipment at our disposal include the following;

- Panasonic, L.G Command Air Sanyo, Trane, York air – conditioners, Carrier, Samsung, Midea, Kingsmen etc. for which we have direct links with their major distributor.
- Our scopes in Mechanical, Electrical Services, Plumbing, Fire- Suppression and detection services covers residential buildings, office complex as well as high rise building and housing Estate.

MAINTENANCE {REPAIRS / SERVICING}

The Company is fully equipped with Modern gadgets to effect prompt repairs /servicing Works for Air – conditions, Electrical, Plumbing, Fire- Protection, welding and fabrication systems.

These services and repairs only attract moderate cost within client's targeted budgets. As the need for maintenance on installations can never be undermined, this operation prolongs equipment life span, prevents the risk of sudden breakdown and most effectively enhances efficient performance of plant / equipment.

SUPPLIES/OUTSOURCING

The Company supplies Equipment /Materials at a very moderate price that meets clients targeted budgets in the following areas;

❖ Air Conditioning and Ventilation Equipment with the following items such as;

- Diffuser's and Grills
- Xpelair, XID, LINEO Extractor Fans etc
- Compressors, Kitchen hoods, Hand driers.
- Cladding materials, Fibred glass, Lagging materials
- Window units, Cassette units, Packaged units, Fan Coils units, Split units,
- Split Ducted units, Free stand Blower, Central / Chillers systems etc.
- Compressors{ALL TYPES & MAGNITUDE}
- Control Devices / statutory

❖ Electrical & Communication items / Equipment such

- High and Low Equipment / plants
- Gear switches
- Electrical cables of any size and magnitude
- Control Panels
- Distribution Boxes
- Cable trays, piping, Lightings etc
- General Electrification Accessories
- Security Fence Wiring & Design.
- CCTV
- Vsat mars accessories/ Equipment
- Fire- Alarm systems, Smoke detectors etc.

❖ Plumbing Pipes of various schedules Pipes of Various schedules/ thickness and size ranging from;

- Techno - green, Enco /Techno – flex Pipes and fittings for Hot & Cold water installation.
- Hepworth Pipes & Accessories- New in Nigeria.
- Copper pipes & fitting for gas, water {Hot and cold} Intallations
- Galvanized pipes s and fittings for general use
- Black steel / mild steel pipes and fittings for fire -fighting installation, crude oil and gas line Installation etc.
- Stainless steel pipes and fitting for fire- suppression Installations and general industrial uses.
- Polyvinyl chloride pipes {PVP}, HDPE, and UPVC for Soil, Waste and Water supply Installation.
- Plumbing wares i.e. WC, Jacuzzi, Wash Hand Basin, Baths, Shower Trays, Belfast sink, Urinal Bowls, Bi dets. Bath – room and Toilet accessories
- Pre-insulated and cladded black steel pipes for thermal or conditioning preservation use for chiller Installations.
- Plumbing statutory i.e. Control valves, gauge, pumps, Tank etc.
- Kitchen Hood, Gas cooker Apparatus,
- Glass fibre reinforced steel water Tanks and Steel supports
- Packaged Sewage Treatment plant

❖ BUILDING MATERIALS & EQUIPMENT

- Gravel / Granite stones
- Sharp sand
- Plaster sand
- Stone Tile
- Filling sand
- General Decorating & Finishing tiles
- Mixing machines
- Welding machines
- Interlocking stone
- Skating blocks
- Generator supply
- Building blocks

- Furniture construction, design and Installation
- Curtains Design & Installations
- Wood, Imported wardrobes, imported doors and fittings etc.

❖ **DIGITAL, SENSIBLE & FLOW METERS EQUIPMENT.**

❖ **FIRE – SUPPRESSION AND DETECTION EQUIPMENT**

- Fire-fighting Equipment
- Portable fire extinguishers
- Fire hydrant systems
- Fixed gas, smoke, and fire detection systems
- Fire- Hose- reels and Cabinets with Extinguishers.
- Foam, Chemical, dry chemical powder Extinguishers, Carbon Di-oxide Extinguishers, fire- suppression accessories installation etc.
- Fire brigade access points accessories supply & installation

❖ **SAFETY EQUIPMENT**

- Personal protective equipment{PPE}
- Work clothing
- Fire retardant clothing
- Safety footwear
- Fall protection
- Eyewash and safety showers
- First aid equipment etc

❖ **CONSTRUCTION AND LAYING OF FILLING STATION PIPING SYSTEMS**
